# Climate Leadership Plan

## Alberta's Climate Leadership Plan

- Key areas the Alberta government is moving forward on:
  1. Phasing out coal-fired electricity and developing renewable energy
  2. Implementing a carbon price
  3. Legislating an oilsands emission limit
  4. Creating a methane emission reduction plan

# Transition to a low carbon future

# Municipal Climate Change Action Centre

- A joint initiative between Alberta Environment and Parks, Municipal Affairs, AUMA, and AAMDC

- Provides funding, support, and education to help Alberta municipalities address climate change

## TAME+

- Helps municipalities understand their energy use, identify key savings opportunities, and offset the costs of energy efficiency retrofit projects
- Energy Audit Incentive up to \$2,000 to help offset the costs of completing required energy audits
- Energy Retrofit Incentive of up to \$100,000 per municipality
